CLASS GIFT TO COLLEGE.

Fund Being Halsed by Carolina Students to Beautify Grounds.

[Special to The Times-Dispatch.]
CHAPEL HILL, N. C., May 28.—The annumens of 1997, which graduates at the university shortly, has made a departure from the custom set by the classes preceding it in regard to the university by the graduating class. Its gift will be an endowment fund, the sum accumulated at the end of ten years to be used in beautifying the grounds of the university. For many years it was customary for the gift to consist of a piece of stationary, a set of valuable books, or something similar. However, the class of 1995 decided that a more practical gift would be in the shape of an endowment fund to be raised by the class through a period. a more practical gift would be in the shape of an endowment fund to be raised by the class through a period of ten years, and applied at the end of that time to some definite need of the college. The class of 1905 followed this plan also.

#### TRIES CUTICURA, WELL IN SEVEN DAYS

"Cuticura Remedies have entirely cured me after all other remedies had failed. Up to a week or so ago I had tried many other remedies and several doctors, and spent about three hundred dollars, without any success, but this is to-day the seventh day that I have been using the Cuticura Remedies (costing a dollar and a half), which have cured me completely, so that I can again attend to my business. I went to work again to-night. My trouble was as follows: Upon the limbs and between the toes my skin was rough and sore, and also sore under the arms. I am a chef for a large cafe on Broadway, and I had to stay at home several times because of this affection. I had been suffering for eight years and have now been cured by the Cuticura Remedies within a week. I am much indebted to Cuticura, and shall certainly recommend it to all my friends and colleagues in the kitchen. Fritz Hirschlaft, 24 Columbus Ave., New York, N. Y., March 29 and April 6, 1006."

My face was a mass of pimples and the dandruff was so bad on my scalp that my hair all began to fall out, and a friend of mine told rac of Cuticura and I began to use Cuticura Soap and Ointment. Before a month I saw a great change for the better, and now I am entirely cured. I had no physician in charge. My little girl is now four years of age, and knows the use of ne other than Cuticura Soap. Her skin is perfect and her hair remarkable for her age. Mrs. W. C. Howard, 132 N. Tenn. Not Likely He Would Accept Any Other Position, if That-Now in New York.

[Special to The Times-Dispatch.]

NORFOLK, VA., May 28.—James M. Barr, of Norfolk, former president of the Seaboard Air Line Railroad, and right-hand man of Thomas F. Ryan, of New York, is to be a directing genius of the Jamestown Exposition should persuasion influence him to accept that position. In looking around for one of wide experience, and proven executive ability, Mr. Barr loomed unmightly on the horizon, and his selection was urged by large interests closely connected with the exposition. The following preamble and resolution was adopted by the board of governors of the lamestown Exposition Company that Mr. James M. Barr, of Norfolk, might be induced to serve the company in an advisory capacity, and the board being of the opinion that Mr. Barr's wide experience and fine executive ability would at all times, and especially at this important queries be of inestimable value, therefore, be it resolved:

"That the president of this company and the chairman of the board of governors extend him a most pressing invitation to lend us his ald and co-operation."
